

Bethany Steele Portfolio 2020

# Bethany Steele

Hello, my name is Bethany Steele and I am so excited to go on an adventure with you! The moment I developed my first print I knew I found my passion for storytelling. It has been seven years since then and my love for photography and storytelling through artistic imagery has grown into a professional passion to learn and develop my skills in the art. I believe that I am a collaborator in telling the story of those in front of the lens. I look forward to working towards creating new life through the lens with you.

I have been a photographer for six years and started a small portfolio business four years ago. I travel mainly in Maryland, specifically Baltimore County. I studied photography at the Delaware College of Art and Design and at the Maryland Institute College of Art ( Class of '19) I am looking for additional professional experience in the photography and marketing profession.
